Each Keller Williams office is independently owned and operated.

Picture perfect, this spacious home is located just on the outskirts of Summit on beautifully landscaped property. Under a mile to the New Providence train station and approximately two miles to Summit station, direct to NYC. Loaded with curb appeal, attention to detail is evident from the moment this fine home comes into view. The open concept floor plan provides spaces equally suited to entertaining and comfortable daily living. A wonderful place to call home and one you will want to showcase often.

Crossing the threshold, you are greeted by an entry foyer where gleaming hardwood floors continue into the adjoining rooms. The open living and dining room are clearly designed for anyone who love to entertain and allows your guests to mingle freely in a wonderfully engaging environment.

The updated kitchen offers the busy cook loads of storage and workspace. Quality appliances are arranged for easy access, while recessed lighting effectively illuminates the work area. Access out to the paver patio allows you to enjoy dining *al fresco*, all while surrounded by manicured shrubbery and well established lawns.

Down the hall are two bedrooms with ample closet space and updated hall bathroom.

Situated on the second level are two bedrooms and full bathroom. The master bedroom includes a sitting area, large walk-in closet and additional closet. The hall bath is well equipped and ready to service the both bedrooms through the morning rush.

And there's more....the partially finished lower level is home to the recreation room, laundry area and dedicated storage room with cedar closet.

Completing your tour of this home, you realize it has been easy to imagine your furnishings and artwork placed here and there. This is a wonderful opportunity to take full advantage of all New Providence has to offer in comfort and style.
