Each Keller Williams office is independently owned and operated.

Just a few blocks to downtown Millburn and train direct to NYC, this move-in ready home offers traditional style yet overflows with modern appeal. Inside this quality home, spacious rooms flow effortlessly along polished hardwood floors with artful details on display at every turn. Inviting colors, bathed in natural sunlight, spread throughout three finished levels. With ample storage, abundant windows and an easy flow, there's room to spread out, relax and entertain.

Enter the home and into the living room where you catch your first glimpse of the open and airy floor plan. The adjacent dining room with crown molding offers dinner guests a place to dine in style. Just steps away, the eat-in kitchen has all the amenities even the fussiest of chefs would appreciate. With tile floor, 6 burner range, double ovens and ample storage makes cooking both gratifying and detail.

Once it is time to retire to bed, everyone will find their own personal retreat in one of four bedrooms, including the Master bedroom. Two bedrooms are located on the first level for added convenience and two bedrooms are located on the second level with full bathroom. The walk-out, finished lower level of this home is complete with spacious recreation room, dedicated storage room, powder room, sauna with shower and laundry room.

Outside, the secluded and private rear yard space is ideally suited for outdoor entertainment with paver patio surrounding the in-ground pool. Vacationing at home has never been more relaxing.
