Each Keller Williams office is independently owned and operated.

Step right into this charming, move in ready home on a quiet cul-de-sac in the most sought after Glenwood section of Short Hills, blocks from Glenwood Elementary School and train to NYC. This well maintained home has been updated by its current homeowners, all while staying true to the original character and charm of a classic home and neighborhood.

The warm and inviting center hall foyer is flanked by both the Living and Dining rooms. Enjoy hosting dinner parties in the elegant dining room with chair rail detailing and original leaded glass windows. The bright and open Living room is perfect for reading a book in front of the fireplace and the adjacent sunroom invites to kick back and relax after a long day of work. The updated gourmet eat-in kitchen will suit any cooking endeavor with granite counters, center island with breakfast bar, tile backsplash and breakfast area for more formal dining. Completing this level is a mudroom with built-in shelving and access to the two car garage and powder room.

On the second level, four bedrooms and two full baths assure a restful night's sleep for all. The Master bedroom has hardwood floors and two closets and the functional master bathroom features tile floor, vanity sink and stall shower.

The lower level is finished and includes a finished recreation room with space for indoor play and hobbies, laundry area and workshop or storage room.

Outside, enjoy dining al fresco on the bluestone patio and very private rear yard.

It is not often that a home of this quality comes along. With little to do except bring your furnishings and personal touch, this is a fabulous opportunity to enjoy all Short Hills and the Glenwood section has to offer in complete comfort and style.
