Each Keller Williams office is independently owned and operated.

Step right into this picture-perfect Colonial in the charming and sought after Glenwood section all blocks to train direct to NYC and school. Every inch has been updated and maintained by its current homeowners with care and their attention to detail is evident in every room, all while staying true to the character of a classic home.

Enter the home and into the formal Living room featuring inlaid hardwood floors and wood burning fireplace. The perfectly situated Dining room is just a few steps away and is ready to host your next dinner party in complete comfort and style with wainscoting and inlaid floors. The custom kitchen by Robinwood features arts and crafts style cabinetry with china cabinets, stainless steel appliances and granite counters-it offers cooking at a whole new level. Completing this level is an updated powder room and den with access to the rear deck.

When it's time to retire to bed everyone will find their own retreat in one of three spacious bedrooms. The hall bathroom aptly services family and guests with tile backsplash and shower over tub.

And there's more...the finished third level is home to a bonus room or home office with carpet and additional attic storage.

Outside, the private yard is ready for all your outdoor hobbies or entertaining on the rear deck.
