©2018, New Jersey REALTORS®

Property Address: 20 LOANTAKA WAY MADISON, NJ 07940 ("Property").

Seller: PRATIK & LESLIE A. JALURIA ("Seller").

The purpose of this Disclosure Statement is to disclose, to the best of Seller's knowledge, the condition of the Property, as of the date set forth below. The Seller is aware that he or she is under an obligation to disclose any known material defects in the Property even if not addressed in this printed form. Seller alone is the source of all information contained in this form. All prospective buyers of the Property are cautioned to carefully inspect the Property and to carefully inspect the surrounding area for any off-site conditions that may adversely affect the Property. Moreover, this Disclosure Statement is not intended to be a substitute for prospective buyer's hiring of qualified experts to inspect the Property.

If your Property consists of multiple units, systems and/or features, please provide complete answers on all such units, systems and/or features even if the question is phrased in the singular, such as if a duplex has multiple furnaces, water heaters and fireplaces.

411 WATER INTRUSION

412 Yes No Unknown
413 [] [X] []

126. Are you aware of any water leakage, accumulation or dampness, the presence of mold or other similar natural substance, or repairs or other attempts to control any water or dampness problem on the Property? If yes, please describe the nature of the issue and any attempts to repair or control it:

N/A

If yes, pursuant to New Jersey law, the **buyer** of the real Property is advised to refer to the 'Mold Guidelines for New Jersey Residents' pamphlet issued by the New Jersey Department of Health (njreal.to/mold-guidelines) and has the right to request a physical copy of the pamphlet from the real estate broker, broker-salesperson, or salesperson.

423 FLOOD RISK

424 Flood risks in New Jersey are growing due to the effects of climate change. Coastal and inland areas may experience significant flooding
425 now and in the near future, including in places that were not previously known to flood. For example, by 2050, it is likely that sea-level
426 rise will meet or exceed 2.1 feet above 2000 levels, placing over 40,000 New Jersey properties at risk of permanent coastal flooding.
427 In addition, precipitation intensity in New Jersey is increasing at levels significantly above historic trends, placing inland properties at
428 greater risk of flash flooding. These and other coastal and inland flood risks are expected to increase within the life of a typical mortgage
429 originated in or after 2020.

432 prepare for a flood emergency, visit njreal.to/flood-planning.

434 Yes No Unknown
435 [] [X] []

127. Is any or all of the Property located wholly or partially in the Special Flood Hazard Area ("100-year floodplain") according to FEMA's current flood insurance rate maps for your area?

437 [] [X] []

128. Is any or all of the Property located wholly or partially in a Moderate Risk Flood Hazard Area ("500-year floodplain") according to FEMA's current flood insurance rate maps for your area?

439 [] [X] []

129. Is the Property subject to any requirement under federal law to obtain and maintain flood insurance on the Property?

Properties in the special flood hazard area, also known as high risk flood zones, on FEMA's flood insurance rate maps with mortgages from federally regulated or insured lenders are required to obtain and maintain flood insurance. Even when not required, FEMA encourages property owners in high risk, moderate risk, and low risk flood zones to purchase flood insurance that covers the structure and the personal property within the structure. Also note that properties in coastal and riverine areas may be subject to increased risk of flooding over time due to projected sea level rise and increased extreme storms caused by climate change which may not be reflected in current flood insurance rate maps.

448 [] [X] []

130. Have you ever received assistance, or are you aware of any previous owners receiving assistance, from FEMA, the U.S. Small Business Administration, or any other federal disaster flood assistance for flood damage to the Property?

For properties that have received federal disaster assistance, the requirement to obtain flood insurance passes down to all future owners. Failure to obtain and maintain flood insurance can result in an individual being ineligible for future assistance.

454 [] [X] []

131. Is there flood insurance on the Property?

A standard homeowner's insurance policy typically does not cover flood damage. You are encouraged to examine your policy to determine whether you are covered.

457 [] [X] []

132. Is there a FEMA elevation certificate available for the Property? If so, the elevation certificate must be shared with the buyer.

An elevation certificate is a FEMA form, completed by a licensed surveyor or engineer. The form provides critical information about the flood risk of the Property and is used by flood insurance providers under the National Flood Insurance Program to help determine the appropriate flood insurance rating for the Property. A buyer may be able to use the elevation certificate from a previous owner for their flood insurance policy.

463 [] [X] []

133. Have you ever filed a claim for flood damage to the Property with any insurance provider, including the National Flood Insurance Program?

If the claim was approved, what was the amount received? \$ _____

466 [] [X] []

134. Has the Property experienced any flood damage, water seepage, or pooled water due to a natural flood event, such as heavy rainfall, coastal storm surge, tidal inundation, or river overflow?

If so, how many times? _____
